

Vernon Morris Utility Solutions Ltd

Specialist Suppliers to the Utilities

Boundary Box (Plastic) Standpipes (See List)

Information

The Plastic Boundary Box standpipes are designed to connect directly to the Meter Box.

Can be supplied in virtually any combination to suit your requirements, whether you require a double hose union bib tap outlet or single outlet, samplers tap, flow monitor, etc.

The Vernon Morris range of standpipes can be supplied with quick-fit connections to allow the quick connection of data loggers as well as the various pressure gauges available.

Pictured is an example of one of the more popular standpipes that we supply, please see the table below for the various Standpipes supplied or alternatively contact us to discuss your exact requirements.
