**Specialist Suppliers to the Utilities**

The simplicity of the gauge means that the user can easily navigate between units by simply pressing the 'unit' button until the desired unit of measure is reached. The right hand button allows the user to zero the scale. Holding down the 'unit' button switches the unit On or Off

The gauge has the added advantage of a stainless steel constructed body and the battery compartment is easily accessed from the rear of the gauge.

The gauge has a 1/4" BSP bottom connection making it compatible with the male probes supplied by Vernon Morris enabling the use of quick-fit connection.

The gauge uses 2 x AAA batteries, supplied.
