EXPLOSIVE PROOF PETROL CAN IN YELLOW

Information

Available as 5litre or 10litre

The unique Explo-Safe Can contains a flame suppressant material that was developed in the USA and Canada and is highly recommended where fire and safety are a priority. Quality and safety checks are carried out by the World renowned T.U.V Product Safety Group of Germany to D.I.N.7242. The Rhino can also complies with U.N. class 4. Steel cans have a huge advantage over plastic which have a limited shelf life. Rhino also offer a spare parts pack including a spout and seal kit.

This yellow fuel can is ideal for carrying around fuel for tools such as garden machinery. It is manufactured so that no hot spots can develop to prevent explosions!

EXPF5 – 5Litre

EXPF10 – 10Litre

Availability: In Stock
