The fitting of these false tops allows the valve to be operated using a standard valve key.

Other sizes are also available to enable the use of Jumbo and Euro size keys.

To assist you in making your choice; the three valve key sizes are listed below:

Standard valve keys have a square of approx. 1 3/8" (35mm)

Jumbo valve keys have a square of approx. 42mm

Euro valve keys have a square of approx. 48mm

To ensure complete compatibility with a wide range of underground hydrant valves Vernon Morris can supply false valve tops in many different sizes as listed below.

False Valve Tops

**Note: The product highlighted in Blue is the item illustrated**
