Gun Metal Static Quick-Fit Assembly Product Code: Z9031F

Information

The Gun Metal Static Quick-Fit Assembly is designed to be used in conjunction with pressure gauges fitted with a corresponding male probe. This allows the user to take static pressure at the hydrant standpipe outlet.

The assembly is supplied with a quick-fit connector ready to accommodate a pressure gauge fitted with a male probe, allowing interchangeability between gauges quickly and easily.

The assembly is fitted with a brass vent cock to allow the user to relieve the pressure in the apparatus before disconnecting the gauge.

Vernon Morris can supply a range of pressure gauges fitted with male probes if required.

Male probes can also be supplied separately, these can be found in the '**Fittings**' section.
