Specialist Suppliers to the Utilities

Long Service Life

- Designed for long life and maintenance-free service in even the harshest environments. Tough and durable with exceptional resistance to abrasion and cutting for use on a wide variety of ground conditions.
- No corrosion or scaling. Resistant to fuels, chemicals, UV, ozone, weathering, hydrolysis, and microbiological attack.
- No contamination of drinking water supplies.

Low Operating Costs

- Low pressure loss for efficient pumping. Swells up to 10% above uncharged diameter at maximum operating pressure enabling more water to be pumped.
- Features a unique “through-the-weave” one piece construction comprising a circular woven high tenacity polyester reinforcement totally encapsulated in a tough elastomeric polyurethane cover and lining.
- Manufactured in compliance with BSEN ISO 9001:2008 quality management systems. Raw materials, components, and finished products are rigorously tested and inspected to ensure excellent product reliability.
- Potable Water Listings: Regulation 31 UK Drinking Water Inspectorate. USA National Sanitation Foundation (NSF) 61; UK Water Byelaws Scheme (WBS) BS6920 for use with cold and hot water up to 50°C.

Typical Applications

Municipal

- Emergency Water Supply
- Pipeline By-pass
- Waste Transfer
- Testing/Flushing Water Mains
- Sewer and water treatment
- Municipal Fire Services

Marine

- Potable Water to Ships/Boats
- Cargo Loading/Unloading
- Supply Ship to Offshore Facilities

Military

- Potable Water Transfer
