## Hydrant Standpipe 2 1/2" DCV Product Code: 11710

### Information

Used to obtain water from a pressurised mains supply via underground hydrants. The standard outlet for underground valve hydrants according to BS750 is 2 1/2" BSRT (LRT) male, although hydrants are still in use with other non-standard outlet connections. Vernon Morris are able to supply hydrant standpipes with a range of non-standard base connections in all combinations, whether it be single or double outlet or whether you require 2" or 2 1/2" DCV.

#### 2 1/2" Double Check Valve (DCV) Hydrant Standpipe

- High quality hydrant standpipe manufactured from aluminium alloy
- Swivel Head design
- Supplied with a standard 2 1/2" female BSRT (LRT) inlet and twist release female instantaneous outlet
- Features a Full Flow 2 1/2" Double Check Valve (DCV) to prevent water supply contamination
