**Specialist Suppliers to the Utilities**

## **Unique Quadoptix Technology**

The Turbimeter Plus uses two independent sources and two independent detectors to provide four autonomous measurement systems, allowing multiple validation of results for greater accuracy.

## **Data management with USB connectivity**

The Turbimeter Plus includes storage for 1000 results which can be transferred to a PC via USB.

## **Rapid results in less than 10 seconds**

Get turbidity results in less than 10 seconds using normal mode. For further analysis switch to average or continuous capture modes.

## **Ideal for field use**

With initial battery power for approximately 10,000 tests, the Turbimeter Plus is designed for field use, coming in a portable case for easy transit. Charge your instrument via the USB.

## **IP67 certified waterproof**

The Turbimeter Plus is fully waterproof, inclusive of the USB socket.
