Valve Key & Bar - 54" - A.Alloy - blue

Product Code: 11717

Information

The Aluminum Alloy Valve Key and Bar is designed to operate hydrant valves fitted with a standard valve top 1 3/8" (approx. 35mm) square.

The overall length of the valve key is approx. 54" and comes supplied with an integral bar to operate the valve key. The bar measures approx. 1 metre in length and features a chisel point end. The bar can simply be inserted into the body of the valve key when not in use making this light weight key and bar easy to carry.

The bar incorporates a safety stop at one end to prevent the bar slipping out of the hole of the valve key when in use, thus significantly reducing the risk of injury to the operator.

The Aluminum Alloy Valve Key and Bar can be supplied in the following lengths:

54" (Part No 11717) as illustrated

42" (Part No. 11716E)

60" (Part No 11719F)

72" (Part No 11719E)

Please note these all come supplied with the standard 1 metre chisel type bar with integral safety stop.
